

Ryan Short

Full Stack Web Developer

SUMMARY

Experienced software developer with a proven track record of building and optimizing front and back-end web applications. Recognized for delivering performance-driven solutions that enhance user experience and drive business growth. Skilled in leading complex projects and eager to bring expertise and a passion for innovation to a dynamic, impactful tech company.

WORK EXPERIENCE

Senior Web Developer | Identity Dental Marketing

June 2023 - Present

- Developed dozens of websites and led the creation of custom WordPress themes for diverse clients.
- Managed a team of three developers, ensuring quality control, mentorship, and project support.
- Utilized the LAMP stack for robust website development, hosting, and seamless site launches.
- Enhanced site functionality and user experience through HTML, CSS, JavaScript, and PHP, collaborating closely with designers.
- Boosted Google Pagespeed Insights scores and improved SEO rankings with targeted strategies.

Full Stack Developer | 100Devs Software Solutions

May 2021 — June 2023

- Designed and built responsive web applications using the MERN stack (MongoDB, Express.js, React, Node.js) following industry best practices.
- Developed semantically structured full-stack applications with clean, scalable, and maintainable code.
- Applied agile methodologies, including SCRUM, to manage projects and ensure on-time delivery of high-quality solutions.
- Contributed to team discussions on architecture, optimization, and best practices to enhance development and performance.

Freelance Web Developer | ThemeForest, Envato, Upwork, Fiverr

August 2018 — May 2021

- Designed and developed premium WordPress themes, creating responsive and visually appealing solutions for diverse clients.
- Managed freelance projects on Upwork and Fiverr, earning a reputation for delivering high-quality, customized web solutions.
- Developed market-ready themes optimized for performance, enhancing expertise in WordPress and client-focused customization.
